

# ERA Billboard is Up With More to Come

Earlier this month ERA Minnesota, alongside Minnesota NOW, put up their second billboard, with the goal of raising awareness about the Minnesota Constitution's lack of the Equal Right Amendment.

ERAMN and MN NOW are the ERA Billboard Coalition. Their goal is to raise these billboards in districts where state GOP leaders failed to act on the issue this past legislative session. For this reason the new billboards will be up through election season this fall.

You can spot the new billboard just south of Elk River on Highway 10.
